Thema

Diesel with SCR, meeting with DC  
at 6th of April

Dear Linc, Dear Martin

first of all i would like to say thank you very much that we had the opportunity to present our current status of SCR Technology.

As we discussed i tried to summarize the items we discussed in the following excel sheet.

Please feel free to change it if it is not like you expected. If it is a good way to make the actions and decisions transparent please let me know if i made the correct conclusions.

Looking forward to the next meeting which i expect Mid of June.

If you have any questions during that time please feel free to contact me anytime.

best regards

Klaus
